

5/6 'Going Further' Maths Tasks – OPTIONAL

Below, we have recommended resources that you can use if you are looking to do additional maths activities with your child. We have selected these resources, as they are not only educational, but they are also engaging. These are optional activities. Please use them if and when you want!

Mathletics

www.mathletics.com

Students have access to a range of tasks, can verse their peers in Mathletics Live or complete Quests.

Essential Assessment

www.essentialassessment.com.au

Students have access to Sunset Maths for fluency.

ABC Education

www.education.abc.net.au

Students can explore and investigate mathematic topics.

Maths Zone

<http://www.primaryhomeworkhelp.co.uk/maths/>

Students can use interactive games with a focus.

Topmarks

<https://www.topmarks.co.uk/>

This website has parent ideas for learning and interactive games.

Khan Academy

<https://www.khanacademy.org/math>

Students can watch tutorials to revise their skills.
