POLICY

1. School profile

Highvale Primary School is located within the City of Monash in Glen Waverley in a leafy, park like setting. The school was established in 1969 and is an integral part of the local area. The current enrolment of 385 students is representative of a wide range of cultural backgrounds. This provides our whole school community with enormous scope from which to draw many enriching opportunities and values inherent in such a multicultural population. The school embraces an inclusive culture, and this culture is enhanced by the regular hosting of overseas students and enrolment of international fee paying students.

Highvale Primary School is structured in single year level classes. Highvale has a shared vision and purpose, common language and shared, evidence-based expectations of teaching for learning. Our culture is built upon our School Values and has a focus on continuous improvement. A supportive collegiate environment enhances student learning and teaching practice.

Our schools' curriculum includes a focus on English, Mathematics, Digital Technologies, Health and Humanities and the Victorian Curriculum Capabilities. Our specialist programs include German and Mandarin as our two languages, Physical Education, STEAM (Science, Technology & Engineering, Arts, Mathematics), Visual/Media Arts and Performing Arts.

Our school prioritises differentiation, inclusion and student wellbeing across all areas to ensure every learner is supported and engaged. By tailoring teaching to diverse needs, fostering a culture of belonging and promoting wellbeing initiatives, we create an environment where students can thrive. This holistic approach drives both learning growth and meaningful connections within our community.

Teachers actively participate in meetings and contribute to their Professional Learning Committee, demonstrating commitment to whole-school professional learning through the PLC inquiry approach. Clear norms and protocols guide purpose, roles, and collaborative planning. Participation in the broader school program—including lunchtime activities, extra-curricular enrichment and community events—is valued by our school community.

2. School values, philosophy and vision

Our commitment to child safety and our school values of respect, responsibility, honesty and integrity, and commitment are an essential part of the school's ethos and underpin our approach in all areas. Highvale Primary School complies with all Child Safe Standards as described in Ministerial Order 870. A copy of our Child Safe policy and Child Safe Code of Conduct can be found at <http://www.highvaleps.vic.edu.au/school-policies>. All staff members, volunteers and contractors are required to comply with the Ministerial Order 870, the Highvale Primary School Child Safe policy and Code of Conduct. Applicants are advised that the selection

process will involve a rigorous background check including a current Working with Children Check (WWCC) and / or VIT registration status.

The School-wide Positive Behaviour Support (SWPBS) framework allows us to create safe, positive, and inclusive environments where Highvale students and staff can thrive. Embedding the SWPBS framework has allowed us to build consistent, whole-school systems that promote positive behaviour, wellbeing, and inclusion—creating the right conditions for effective teaching, learning, and leadership across the school. Our Buddy Program connects different cohorts of students together and allows our Year Six students opportunities to lead. Community members are warmly welcomed into each classroom and actively support the daily learning program at all levels of the school.

Our globally diverse school community works together to nurture engaged, socially responsible and resilient learners. Students are empowered to experience challenge, develop independence and achieve success.

Our practice:

- Places students at the centre of all decision making.
- Is always informed by evidence and research.
- Includes high expectations of our students, staff and community.
- Creates a safe, inclusive learning environment for everyone

3. Wellbeing and engagement strategies

Highvale Primary School has developed a range of strategies to promote engagement, an inclusive and safe environment, positive behaviour, and respectful relationships for all students in our school. 5. Student rights and responsibilities

All members of our school community have a right to experience a safe and supportive school environment. Our school's Statement of Values highlights the rights and responsibilities of members of our community.

Students have the right to:

Further information about raising a complaint or concern is available in our Complaints Policy.

6. Student behavioural expectations and management

Behavioural expectations of students are grounded in our school's Statement of Values/Student code of conduct. Violence, bullying, and other offensive and harmful behaviours such as racism, harassment and discrimination will not be tolerated and will be managed in accordance with this policy. Bullying will be managed in accordance with our Bullying Prevention Policy.

When a student acts in breach of the behaviour standards of our school community, Highvale School will institute a staged response, consistent with the Department's policies on behaviour, discipline and student wellbeing and engagement. Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Our school considers, explores and implement positive and non-punitive interventions to support student behaviour before considering disciplinary measures such as apology letters, withdrawal of privileges, withdrawal from class and meetings with parents.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.

Disciplinary measures that may be applied include:
